

# Astonian Lago

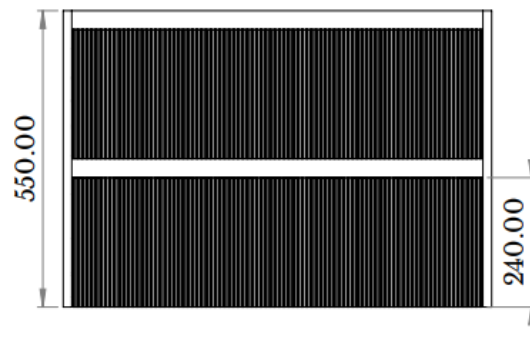

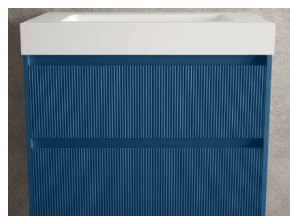

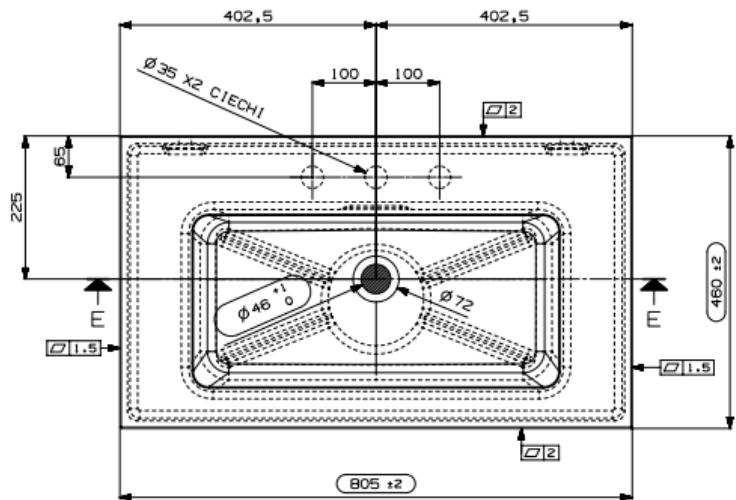

The Astonian Lago 800mm vanity unit offers an excellent solution for those seeking spacious storage and visual appeal in their bathroom. With its roomy double drawers, you can effortlessly organise all your bathroom essentials, from toiletries to towels. The integrated accessory compartment ensures that smaller items are always within easy reach.

The soft-close, push-to-open mechanism is ideal for early mornings or late nights when you don't want to disturb others.

The Basin is a defining feature, known for its robust, chunky design and wider lip, adding a unique visual element that sets it apart from standard sinks. This makes it perfect for households that appreciate a touch of luxury and character.

Created with low-maintenance materials, the Lago unit is designed to be easy to clean, retaining its fresh look with minimal effort. This makes it an excellent choice for busy families or individuals who desire a beautiful bathroom without the hassle of constant upkeep.
